

# AVON FOUNDATION

## 2006 Approved Grants - by Program Area

Organization Name	Project Title	City	State	Grant Amount	Grant Year(s)
<b>BREAST CANCER FUNDING</b>					
<b>Cancer Centers</b>					
Herbert Irving Comprehensive Cancer Center/New York-Presbyterian Hospital and Columbia University Medical Center	Access to care (\$500K) through the Avon Breast Imaging Center and research (\$500K) through the Avon Foundation Breast Cancer Research Laboratories, both new facilities launched in 2006.	New York	NY	\$1,000,000	2006
John Wayne Cancer Institute at St. John's Health Center	Access to Care program materials and staffing including a Program Coordinator, Outreach Coordinator and a bi-lingual Health Educator; and complete and expand previous research programs.	Santa Monica	CA	\$450,000	2006
Lombardi Comprehensive Cancer Center at Georgetown Medical Center	Personnel and community outreach materials to continue to provide breast care services at the Capital Breast Care Center to medically underserved women.	Washington	DC	\$750,000	2006
Massachusetts General Hospital/Harvard Comprehensive Cancer Center	Research in breast cancer, genetics and clinical care for underserved women and support of the established 'Avon Foundation Breast Imaging Center' at MGH.	Boston	MA	\$1,000,000	2006
Robert H. Lurie Comprehensive Cancer Center of Northwestern University	\$750K - to continue support of the AF-Robert H. Lurie Comprehensive Cancer Center Partnership to conduct breast cancer research; \$250K - to enable the underserved to access care at the Northwestern Memorial Hospital and its partnering community clinics.	Chicago	IL	\$1,000,000	2006
Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins Medical Center	Research into chemoprevention, chemotherapy administration and other novel therapies; community outreach research; pre-clinical lab studies, recruitment of new investigators; and program management.	Baltimore	MD	\$1,000,000	2006
UCSF Comprehensive Cancer Center and San Francisco General Hospital Foundation	Support for the Avon flagship SFGH/UCSF Comprehensive Cancer Center to provide access to care and research support.	San Francisco	CA	\$1,000,000	2006
University of Colorado Comprehensive Cancer Center	This new gift is in addition to continuing programs funded in 2005. Funds will support research to understand how changes in the breast during pregnancy affect future risk of breast cancer.	Denver	CO	\$400,000	2006-2008
Winship Cancer Institute of Emory University and Grady Memorial Hospital	Continued community outreach and access to safety net care including patient navigation and the Avon Breast Clinic surgical team.	Atlanta	GA	\$725,000	2006
<b>Total - Cancer Centers</b>				<b>\$7,325,000</b>	
<b>Direct Clinical Care/Safety Net Hospitals/Patient Navigation</b>					
Administrators of the Tulane Educational Fund	New program with staff from Tulane to coordinate care among the network of community clinics and navigate access to diagnostics and breast cancer care for the underserved.	New Orleans	LA	\$250,000	2006-2008
Advocate Charitable Foundation (on behalf of Advocate Trinity Hospital)	New equipment to improve diagnostic services offered to underserved women and support a patient navigator to navigate this low income, urban population through breast cancer screening, diagnostics and care.	Park Ridge	IL	\$250,000	2006-2008
Bellevue Hospital Center	Creation of Breast Health Clinical Care Coordinator, translation services for non-English speaking patients, and related program materials and costs.	New York	NY	\$250,000	2006-2008
Cambridge Health Alliance	Staff, new MRI hardware and software, improvements to electronic medical records and patient tracking system.	Cambridge	MA	\$250,000	2006-2008
Carolinas HealthCare Foundation	Expansion of the Mecklenburg County Breast Care Management, a program that provides outreach, education, screening and navigation services to underserved women.	Charlotte	NC	\$250,000	2006-2008
Charlotte Maxwell Complementary Clinic	Expanded delivery of complementary alternative medicine, social services, and holistic health for extremely low-income women in the San Francisco Bay Area.	Oakland	CA	\$250,000	2006-2008
Contra Costa County Health Services	Expanded breast cancer clinical care through increased utilization of the mobile mammography van and an increase in the capacity of the patient navigator and other clinical and administrative staff.	Martinez	CA	\$250,000	2006
Cook County Bureau of Health Services	The new Avon Foundation funds support the efforts of patient care at the Provident Hospital, expanding Avon's safety net reach to the south side of Chicago.	Chicago	IL	\$250,000	2006
Council of Community Clinics	Implementation of a new coordinated patient coordinator network among the 6 organizations and their 18 community clinics.	San Diego	CA	\$250,000	2006
Foundation for the Community Hospital at Dobb's Ferry	Purchase of a digital mammography machine, expanded outreach to the underserved in the northern and central portions of the Bronx, and continuance of the patient navigator program.	Dobbs Ferry	NY	\$250,000	2006-2008
Foundation of the University of Medicine and Dentistry of New Jersey (UMDNJ)	Initiation of a Clinical Research Navigator Program focusing on improving internal quality of care of women served, improving access to clinical trials, and decreasing the number of women lost to follow-up.	Newark	NJ	\$250,000	2006-2008
Fox Chase Cancer Center	Intensive one-day training workshop entitled 'A day in the life of the Breast Cancer Research Laboratory' to train advocates first hand on how a lab investigates the role of the environment in breast cancer.	Philadelphia	PA	\$6,000	2006
Greater Lawrence Family Health Center	Purchase new equipment and support mammography technologists, patient services representatives, and program materials.	Lawrence	MA	\$250,000	2006
Inova Health System Foundation	Continue the successful 'Avon-Inova Cares Breast Cancer Network' through a partnership between the Women's Center and the Fairfax Hospital Cancer Center in VA that supports underserved, non-English speaking women.	Falls Church	VA	\$125,000	2006
Jacobi Medical Center	Patient navigation and access to modern equipment, dedicated breast ultrasound and outreach.	Bronx	NY	\$250,000	2006
LifeSpan Comprehensive Cancer Center	Two Patient Navigators, a bilingual Spanish Navigator Assistant, and one Data Manager who, will assist those with abnormal mammograms for follow-up diagnostics and those diagnosed with cancer through care and treatment.	Providence	RI	\$250,000	2006
Louisiana State University Health Sciences Center Foundation	Help reinstate breast cancer screening for underserved by the purchase of digital mammography machine housed in new community clinic, as well as implement a patient navigator program.	Baton Rouge	LA	\$500,000	2006
Lutheran Family Health Center Network	Expansion of breast cancer diagnostic services through the Brooklyn Health Partnership by supporting radiology services, staff and equipment.	Brooklyn	NY	\$250,000	2006-2008
Marion General Hospital	New equipment to improve services offered to underserved women and a patient navigator to navigate this rural population through breast cancer screening, diagnostics and care.	Marion	IN	\$250,000	2006-2008
Memorial Hospital Foundation	Purchase of new mammography equipment to replace outdated equipment, a first-ever breast coil for MRI, and a program coordinator for two years.	Colorado Springs	CO	\$250,000	2006-2008
Metropolitan Hospital Center	Expansion of hospital's patient navigation program.	New York	NY	\$250,000	2006
Native American Cancer Research Corporation	Outreach, screening and access to care safety net program in this special population in Denver and southern Colorado.	Pine	CO	\$100,000	2006

Organization Name	Project Title	City	State	Grant Amount	Grant Year(s)
North Carolina Baptist Hospital	New community outreach and patient navigation services program called the Survivors in Service Navigation Network. Navigators will work to reduce disparities in breast care among the African-American community in greater Winston-Salem.	Winston-Salem	NC	\$125,000	2006
Northern Westchester Hospital Center Foundation	Breast Health Initiative for Underserved Women operates in partnership with the Open Door Family Medical Clinics to outreach to underserved women in the region, with a particular focus on the Latina population.	Mt. Kisco	NY	\$180,000	2006-2008
Northridge Hospital Foundation	Implementation of a new, highly structured and planned volunteer Patient Navigator Program.	Northridge	CA	\$250,000	2006-2008
Palmetto Health Foundation	Purchase of a digital mammography machine for the hospital Mobile Mammography Unit (MMU) and program coordinator to oversee follow-up screening and to link women to diagnostics and care.	Columbia	SC	\$250,000	2006-2008
Presbyterian Cancer Center	Expanded community outreach and patient navigation services to extend the hospitals reach into and support of underserved communities in Charlotte.	Charlotte	NC	\$125,000	2006
Queens Hospital Center	One year of staff to launch new digital mammography mobile van to serve Queens County, and staff coordination of follow-up diagnosis and care for underserved women.	Jamaica	NY	\$250,000	2006
Regional Cancer Foundation	Increase capabilities to provide free referral services to underserved and increase the number of clients it serves who are women facing breast cancer.	San Francisco	CA	\$180,000	2006-2008
San Mateo Medical Center Foundation	Implementation of a breast care patient navigator, outreach to the local community, and upgrading the hospitals current electronic medical record system so that it can implement a breast care services patient tracking system.	San Mateo	CA	\$250,000	2006-2008
Sharp Chula Vista Medical Center	Implementation of a patient navigator program that improves care, specifically among the underserved, uninsured women served at the Center.	San Diego	CA	\$250,000	2006-2008
Sisters of Charity Health System, Inc.	Staff at St. Mary's Regional Medical Center to increase breast care services and outreach to the low-income and underserved in the community, and to reach a population of Somali immigrants who now reside in Lewiston.	Lewiston	ME	\$250,000	2006-2008
Southern Illinois Hospital Services	New equipment to improve services offered to underserved women and patient navigator to navigate this rural population through breast cancer screening, diagnostics and care.	Carbondale	IL	\$250,000	2006-2008
St. John's Riverside Hospital	Purchase of a digital mammography machine and continue patient navigator program.	Yonkers	NY	\$250,000	2006-2008
The Valley Medical Center (VMC) Foundation	Portion of the total cost to purchase a \$3.8M linear accelerator to complete the radiation oncology suite, providing the most modern, targeted radiation therapy to underserved breast cancer patients.	San Jose	CA	\$250,000	2006-2008
Truman Medical Center Charitable Foundation	New position to coordinate care and navigate women from screening through diagnostics and treatment.	Kansas City	MO	\$222,000	2006-2008
University of Texas Medical Branch at Galveston	One Clinical Nurse Coordinator and one full-time and one part-time patient navigator.	Galveston	TX	\$250,000	2006-2008
Visiting Nurse Community Services, Inc.	Implementation of a new coordinated patient navigator community outreach to increase breast health screening and reduce delays in accessing diagnostics and treatment.	San Fernando	CA	\$250,000	2006-2008
<b>Total - Direct Clinical Care/Safety Net Hospitals/Patient Navigation</b>				<b>\$8,813,000</b>	
<b>Public Education/Outreach/Advocacy</b>					
Alamo Breast Cancer Foundation	Production and distribution of the SABCS Meeting Highlights CD, prepared by patient advocates.	San Antonio	TX	\$100,000	2006
American Cancer Society - Atlanta	Implement week long Avon Foundation/ACS 'University' program to provide training to strengthen global breast cancer organizations and increase global proficiency in philanthropy in nine target countries.	Atlanta	GA	\$325,490	2006
Auxiliary to the National Medical Association, Inc. (ANMA)	Educational workshop entitled 'The Avon Breast Cancer Crusade to Eliminate Breast Cancer' at the National Medical Association Annual Conference.	Washington	DC	\$5,000	2006
Health Research Alliance	Health Research Alliance National Conference entitled 'Building Strategic Partnerships to Advance Health Research' in May 2006.	Research Triangle Park	NC	\$10,000	2006
Health Research Alliance	Membership in this alliance that works to improve the effectiveness of non-governmental health research. The Avon Foundation is the only breast cancer-specific member of HRA.	Research Triangle Park	NC	\$10,000	2006
National Breast Cancer Coalition Fund	Expanded Project LEAD Program (medical education and advocacy training) for breast cancer survivors, to include advanced sessions on Clinical Trials and Quality Care for Project LEAD graduates.	Washington	DC	\$1,600,000	2007-2008
<b>Total - Public Education/Outreach/Advocacy</b>				<b>\$2,050,490</b>	
<b>Research</b>					
American Association for Cancer Research Foundation	Avon-AACR International Scholar-in-Training travel awards program, bringing approximately 25 scientists in training from abroad to the U.S. AACR Annual Conference.	Philadelphia	PA	\$300,000	2006-2009
American College of Radiology Imaging Network (ACRIN)	Add magnetic resonance imaging (MRI) to the ongoing clinical trial, evaluating breast ultrasound, mammography, and MRI as screening tools in high risk women.	Philadelphia	PA	\$1,200,000	2006-2009
American Society of Clinical Oncology (ASCO) Foundation	One 3-year Avon-ASCO Clinical Research Career Development Award (CDA) supporting the career development of a junior investigator as he/she establishes an independent faculty position in the breast cancer field.	Alexandria	VA	\$200,000	2006-2009
American Society of Clinical Oncology (ASCO) Foundation	One Advanced Clinical Research Award, which will solicit applicants to recruit and train the best in clinical breast cancer research, with emphasis on supporting women and minority scholars.	Alexandria	VA	\$500,000	2007-2010
Arizona Cancer Center	In conjunction with the MD Anderson Latina Project, which aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women: subtype, age at diagnosis, and association with known risk factors.	Tucson	AZ	\$540,000	2006-2008
Baylor College of Medicine	Study of pregnancy related changes in breast tissue by using random fine needle aspiration. Dr. Daniel Medina, Principal Investigator, is a leader in the field of pregnancy-induced changes in the breast.	Houston	TX	\$255,000	2006-2008
Board of Regents of the University of Wisconsin System	Study whether late age at first-birth results in a different form of breast cancer (lobular instead of ductal).	Madison	WI	\$100,000	2006
Boston Medical Center	Equipment for medical research into novel new directions for breast cancer treatment and prevention.	Boston	MA	\$675,000	2006-2008
Boston Medical Center	Measuring What Navigators Do: Task and Social Network Analysis, a research project to investigate the value and cost-effectiveness of patient navigation programs.	Boston	MA	\$500,000	2006-2008
Curators of the University of Missouri	Study of proteins that can be identified in breast milk and nipple aspirate fluid (NAF) that are differentially expressed by age of first-full-term pregnancy (FFTP) or lack of pregnancy.	Columbia	MO	\$400,000	2006-2008
Dana-Farber Cancer Institute	Collaboration with Johns Hopkins in the study of genetic and epigenetic changes in the breast due to pregnancy.	Boston	MA	\$250,000	2006-2008

Organization Name	Project Title	City	State	Grant Amount	Grant Year(s)
Dr. Susan Love Research Foundation	Study of whether the first pregnancy alters the permanent physiology and permeability of the breast tissue that results in protection of future risk of breast cancer.	Pacific Palisades	CA	\$105,000	2006-2008
Foundation for the National Institutes of Health, Inc. (FNIH)	Launch of a new phase of the Progress for Patients program, supporting the first year of 14 two-year projects, funding innovative clinical studies, and fostering collaboration among breast cancer researchers.	Bethesda	MD	\$2,513,195	2006
Iris Cantor Breast Imaging Center/UCLA Foundation	Avon fellowship, designed to focus on recruiting women and minority radiologists.	Los Angeles	CA	\$240,000	2006
Johns Hopkins University	Collaboration with Dana-Farber Cancer Institute in the study of genetic and epigenetic changes in the breast due to pregnancy. Dr. Sara Sukumar, Principal Investigator, is an outstanding investigator and part of the Avon Center at JHMI.	Baltimore	MD	\$250,000	2006-2008
National Institute of Environmental Health Sciences of the National Institutes of Health	NIEHS Breast Cancer and the Environment Research Centers (BCERC) annual meetings.	Triangle Park	NC	\$10,000	2006
NYU College of Nursing	Studies focus on reducing the risk of lymphedema among women with breast cancer. Women will be recruited from the NYU and Bellevue hospitals.	New York	NY	\$95,000	2006-2008
Regents of the University of Michigan	Study of whether an early age first full term pregnancy reduces breast cancer risk by reducing the number of total stem cells or the number with mutations in breast tissue.	Ann Arbor	MI	\$300,000	2006-2008
Regents of the University of Michigan School of Public Health	Study of parity-induced changes in breast from epidemiological data in an 'additive interaction' model (as opposed to 'multiplicative interaction models').	Ann Arbor	MI	\$80,000	2006-2008
Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins Medical Center	Fund the launch of the Breast Cancer Clinical Trials Consortium, coordinated by the Sidney Kimmel Comp. Cancer Center, to coordinate and conduct early-phase therapeutic & preventive clinical trials, emphasizing tissue collection & cooperative molecular & genetic analysis.	Baltimore	MD	\$2,000,000	2006
Silent Spring Institute	To support (1) dissemination of MassHeis; and (2) continued growth of the organization as a leader in environmental studies.	Newton	MA	\$100,000	2006
Texas Tech University Health Science Center	Study of pregnancy induced changes in breast by using both block tissue samples from breast reduction surgery and from core biopsies collected in a prospective manner as part of the research program.	El Paso	TX	\$400,000	2006-2008
The Board of Trustees of the University of Illinois	Research into understanding how changes in the breast during pregnancy affect future risk of breast cancer.	Chicago	IL	\$500,000	2006-2008
Trustees of Boston University	Research on 'Assessing Patient Navigation Activities' to evaluate patient navigation at up to 70 Avon-supported public and community hospitals.	Boston	MA	\$450,000	2006-2008
Trustees of the University of Pennsylvania	Study of parity-induced changes in breast tissue from women without breast cancer who had breast reduction surgery or an excisional biopsy of a non-cancerous lesion.	Philadelphia	PA	\$500,000	2006-2008
University of Kansas Medical Center Research Institute, Inc.	Collaboration with Baylor College in the study of pregnancy related changes in breast tissue by using random fine needle aspiration (RFNA). Dr. Carol Fabian is a leader developing the RFNA technique.	Kansas City	KS	\$245,000	2006-2008
University of Maryland Baltimore County	Four named Avon-Meyerhoff Scholars during the academic year and an additional four Avon-Meyerhoff Scholars to perform breast cancer research internships in the summer of 2007 at Avon Foundation Breast Cancer Centers or laboratories.	Baltimore	MD	\$100,000	2006
University of Massachusetts Amherst	Study of whether lactation and pregnancy cause epigenetic changes in the breast that alter risk. Dr. Kathleen Arcaro, Principal Investigator, is a leader in the study of lactation in animal and human breasts.	Amherst	MA	\$100,000	2006-2008
University of Massachusetts Amherst	Study of whether the p53 gene is involved in altering breast cancer risk based on age at first full-term pregnancy. Dr. Joseph Jerry is an expert in defining genetic mutations that contribute to the cancer development.	Amherst	MA	\$400,000	2006-2008
University of Nebraska Board of Regents	Study of whether pregnancy in humans leads to the development of progenitor cells, termed 'parity-induced mammary epithelial cells' (PI-MECs), that are first identified in rodents.	Omaha	NE	\$95,000	2006-2008
University of Texas MD Anderson Cancer Center	Characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women: subtype, age at diagnosis, association with known risk factors, etc. In conjunction with Arizona Cancer Center gift.	Houston	TX	\$460,000	2006-2008
Zero Breast Cancer (formerly Marin Breast Cancer Watch)	Peer education at two high schools, publish two research studies on the role of environment in breast cancer etiology.	San Rafael	CA	\$150,000	2006
<b>Total - Research</b>				<b>\$14,013,195</b>	
<b>Support Services</b>					
Alliance of Czech Breast Cancer Associations (ACBCA)	Access to breast cancer care.	Praha 3		\$11,000	2006
Cancer Care, Inc.	To continue the AVONCares program, which is a national financial assistance program that helps low-income, underserved women gain access to care. The program launched in 2000 and has already assisted 28,000 women fighting breast cancer.	New York	NY	\$1,300,000	2006
Cicatelli Associates, Inc.	Grants distributed through the Avon Foundation Breast Care Fund to 122 community organizations that recruit women into breast health screening and develop partnerships between community-based outreach providers and local medical providers.	New York	NY	\$5,985,000	2006
Community Servings	Provide nutritious meal service to breast cancer clients, dependents and caregivers; and nutrition education to breast cancer patients and referral agencies.	Roxbury	MA	\$100,000	2006
Food & Friends	AVON's Pink Ribbon Delivery: Serving Women and Families Battling Breast Cancer, a program that delivers medically-necessitated, specially-prepared meals and nutrition counseling to women living with breast cancer and their families.	Washington	DC	\$200,000	2006
God's Love We Deliver	Avon funds will support: Foundation Nutritionist, meals, delivery service, and related program costs; and the creation of a Spanish version of Nutrition During Breast Cancer brochure.	New York	NY	\$200,000	2006
Project Angel Heart	Funds will support part of a new capital campaign to purchase and renovate the building that houses Project Angel Heart, a meal delivery program that includes breast cancer patients.	Denver	CO	\$75,000	2006
Project Open Hand	Expansion of Homebound Critically Ill Program that provides meals and an education program for breast patients and other critically ill patients.	San Francisco	CA	\$200,000	2006
The Children's Treehouse Foundation	To continue training, education and awareness programs that educate health experts and the public on the impact on children when a parent is diagnosed with cancer.	Denver	CO	\$100,000	2006
Young Survival Coalition	General operating support and travel scholarships for young survivors to attend the 2007 Annual Conference for Young Women Affected by Breast Cancer.	New York	NY	\$50,000	2006
<b>Total - Support Services</b>				<b>\$8,221,000</b>	
<b>TOTAL FOR BREAST CANCER FUNDING</b>				<b>\$40,422,685</b>	

Organization Name	Project Title	City	State	Grant Amount	Grant Year(s)
<b>In addition to new grants, prior multi-year grants from the Avon Foundation continued to support many breast cancer organizations and institutions in 2006, including:</b>					
Alameda County Medical Center/Alameda County Health Care Foundation	To support patient navigation staff and a program coordinator, and to provide a new mammography reading station to deliver quality breast care to the underserved populations of Oakland who are treated for breast cancer at the Highland Hospital of Alameda County Medical Center.	Oakland	CA		2005-2007
American Association for Cancer Research Foundation	To support historic Avon Foundation-AACR Global Collaborative in Breast Cancer Research and Education, composed of four interrelated projects.	Philadelphia	PA		2003-2007
American College of Radiology Imaging Network (ACRIN)	To fund: 1) partial support for a two-year fellowship for a board-certified radiologist in the field of breast imaging; and 2) a clinical trial to evaluate Breast Ultrasound as a breast cancer screening tool in high-risk women.	Philadelphia	PA		2002-2006
Beth Health Care Foundation, on behalf of Newark Beth Israel Medical Center	To support a full-time, bilingual nurse practitioner and a part-time, bi-lingual administrative assistant, both dedicated exclusively to breast health care and breast cancer patients.	Newark	NY		2004-2007
Boston Medical Center	To continue its multidisciplinary program of delivering clinical care to poor, uninsured women at all six community clinics in the BMC network.	Boston	MA		2005-2007
Cambridge Health Alliance	To support an increase in their screening program from 11,000 to 18,000 women in four target cities densely populated with minority populations (Latino, Asian, Haitian and African American).	Cambridge	MA		2004-2007
Cancer Resource Center of Mendocino County	To support the 'WE CAN' program to assist breast cancer patients to prepare for upcoming medical appointments and provide volunteers who help support and guide women through the cancer screening, diagnostic and treatment process.	Mendocino	CA		2006-2008
Charlotte Maxwell Complementary Clinic	Support to expand this clinic, which provides free complementary alternative medicine treatments to low-income women, to the San Francisco community.	Oakland	CA		2004-2006
CityTeam Ministries	To provide general programmatic support, enabling the volunteer medical staff to provide screening to homeless women with breast problems.	San Francisco	CA		2005-2007
Columbia University Medical Center/New York Presbyterian Hospital	To fund an Avon Scholar in Women's Health to train in women's health issues and study barriers to follow-up care in underserved populations. The Scholar will work closely with the Avon Breast Imaging Center in monitoring time to follow-up patients.	New York	NY		2005-2008
Community Health and Emergency Services	To enhance breast cancer screening services via purchase of updated equipment and improvement of facility to accommodate new equipment.	Cairo	IL		2004-2006
Contra Costa County Health Services	To expand breast cancer clinical care by 20% through increased utilization of the mobile mammography van and an increase in the capacity of the patient navigator and other clinical and administrative staff.	Martinez	CA		2004-2006
Cook County Bureau of Health Services	To fund initiatives to increase technological infrastructure, support to computerize tracking methods, and to standardize patient tracking at all three facilities in the Cook County Health System offering mammography services.	Chicago	IL		2004-2006
Cook County Bureau of Health Services	\$500K - To expand the High Risk Clinic genetic screening program for breast cancer risk in the underserved populations; and \$500K - To increase access to timely diagnostic breast imaging services.	Chicago	IL		2005-2007
Foundation for the National Institutes of Health, Inc.	A \$20,000,000 pledge supports the 'Avon-NCI Progress for Patients' Awards Program: A Special Public-Private Initiative in Early Phase Clinical Interventions in Breast Cancer.	Bethesda	MD		2002-2007
Fred Hutchinson Cancer Research Center	Avon Breast Cancer Therapeutic Vaccine Initiative, to support the integration of the research on this vaccine at two world-class institutions, the Fred Hutchinson Comprehensive Cancer Center and the Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins.	Seattle	WA		2005-2008
Harbor-UCLA Medical Center	To improve the Breast Cancer Screening and Early Detection Program by the acquisition of a new ultrasound unit and other diagnostic equipment; and providing salary support for a fellow in breast imaging, a bilingual nurse practitioner and nurse attendant/clerk.	Torrance	CA		2004-2007
Hektoen Institute for Medical Research LLC at John H. Stroger Hospital of Cook County Hospital	To expand efforts to bring state-of-the-art, quality breast oncology care to minority-underserved populations; to support continued participation in NCI-approved clinical trials; and increase the capacity of the patient navigator staff.	Chicago	IL		2003-2006
Hektoen Institute for Medical Research LLC at John H. Stroger Hospital of Cook County Hospital	To bring modern, high quality breast oncology care to underserved minority women by acquiring the latest breast diagnostic technology and coordinate these efforts with other mammography screening facilities in the Cook County system.	Chicago	IL		2004-2006
Inova Health System Foundation	To continue the 'Avon-Inova Cares Breast Cancer Network,' which is completing a very successful pilot program through which nearly 2,300 women were reached with education, referrals for screening, follow-up and treatment.	Falls Church	VA		2004-2006
Jacobi Medical Center	To support the purchase of a new ultrasound unit and support for additional critical staff, including 3 bilingual patient navigators who will enhance breast cancer outreach and education and direct patient services, and a full-time admin position to oversee patient tracking.	Bronx	NY		2004-2006
Joan and Sanford I. Weill Medical College of Cornell University Center for Complementary and Integrative Medicine	To expand a pilot program that studied medication-based stress reduction and cognitive-affective-behavioral learning in women with breast and other gynecological cancers- to a full randomized clinical trial.	New York	NY		2005-2007
Kings County Hospital Center	To support safety net breast health care for uninsured in Brooklyn. This gift complements other Foundation gifts in the Bronx, Manhattan, Newark, Long Island and Westchester.	Brooklyn	NY		2005-2008
LAC+USC Healthcare Network	To staff the new Avon Women's Breast Health Program at LAC+USC, which will coordinate breast health services from prevention to treatment for all women patients.	Los Angeles	CA		2004-2007
Massachusetts General Hospital/Harvard Comprehensive Cancer Center	To continue research in breast cancer, genetics and provide clinical care for underserved women at the 'Avon Foundation Breast Imaging Center' at MGH.	Boston	MA		2001-2006
Massachusetts General Hospital/Harvard Comprehensive Cancer Center	To support the establishment of the 'Avon Foundation Gene Expression Laboratories' at MGH devoted to the translation of gene 'signatures' into useful prognostic tools that can be used for treatment planning purposes in individual patients.	Boston	MA		2004-2006
Massachusetts General Hospital/Harvard Comprehensive Cancer Center	To continue support for the 'Avon Foundation Gene Expression Laboratories' at MGH devoted to the translation of gene 'signatures', and studies conducted in connection with the 'breast cancer gene chip' project.	Boston	MA		2005-2007
Massachusetts General Hospital/Harvard Comprehensive Cancer Center	To support complementary studies to the 'gene chip' program and additional clinical trials that examines aromatase inhibitors as compared to tamoxifen.	Boston	MA		2005-2007
Medical University of South Carolina	To support a nurse practitioner/patient navigator, an African American & Hispanic patient navigator, and a patient coordinator to support both the breast center and mobile health unit, with the goal of ensuring quality care for medically underserved women.	Charleston	SC		2005-2007

Organization Name	Project Title	City	State	Grant Amount	Grant Year(s)
Metropolitan Hospital Center	To purchase vital new technology, including computer equipment to upgrade the patient tracking system, sentinel node technology and an ultrasound unit; and to add a dedicated, bi-lingual staff.	New York	NY		2004-2006
Mount Sinai Hospital	To develop system changes to improve timely diagnostics and access to care for patients with abnormal screening mammograms. The program aims to reduce the number of patients lost to follow-up and to provide timely care following abnormal screening results.	Chicago	IL		2005-2008
National Breast Cancer Coalition Fund	To continue support for the expanded Project LEAD Program (medical education and advocacy training) for breast cancer survivors, including an advanced session on Clinical Trials, and a web-based component for Project LEAD graduates.	Washington	DC		2005-2007
National Institute of Environmental Health Sciences of the National Institutes of Health	To supplement NIEH funding for four interrelated initiatives: 1) Emerging Topics in Breast Cancer Conference; 2) Websites and Support; 3) Network Bioinformatics and Project Coordinating Center; and 4) Community Outreach and Translation Cores (COTC).	Triangle Park	NC		2004-2007
